SAPORI SICILIANI

OUR PHILOSOPHY IS BASED ON THE UNION OF DIFFERENT CULTURES AND EACH OF THEM CONFERS A WEALTH TO THE TERRITORY E A UNIQUE VARIETY IN THE FOOD SECTOR.

The story of a small shop that became big.

From a small shop in the historic center of Agrigento, we are have become a modern and technologically advanced reality which passes down the art of cured meats from generation to generation, preserving the values of tradition, craftsmanship and recipes from times gone by. This is how “I Macellotti” was born.

A story full of passion.

The “I Macellotti” brand was born from an ancient Sicilian tradition, that is to use a nickname, the so-called 'nciuria instead of the surname. So the new generation of the Di Salvo family chooses to use the their 'nciuria with a new and positive meaning, giving the new brand aspects that combine tradition and innovation.

Born from an artisanal recipe.

Combining experiences, secrets, knowledge and raw materials produced in its own territory, enhancing its flavor with ancient fruits such as almonds and pistachios from Sicily it was and is in history among the top producers in the world.

A company aimed at green.

The Group has always been committed to pursuing and achieving how the primary objective of its mission is ecological sustainability through investments in innovative photovoltaic systems for energy production with low environmental impact.

Community and respect for workers.

With the same strength it is committed to supporting the territory and the community hiring qualified personnel thus ensuring a better quality of life and work.
